### CONSENT FOR TREATMENT

1.	I hereby authorize doctor or designated staff to take x-rays, study models, photographs, and other diagnostic aids deemed appropriate by doctor to make a thorough diagnosis of (name of patient)
2.	Upon such diagnosis, I authorize doctor to perform all recommended treatment mutually agreed upon by me and to employ such assistance as required to provide proper care.
3.	I agree to the use of anesthetics, sedatives and other medication as necessary. I fully understand that using anesthetic agents embodies certain risks. I understand that I can ask for a complete recital of any possible complications.
4.	I give consent to the doctor's or designated staff's use and disclosure of any oral, written or electronic health records that are individually identifiable as mine for the purpose of carrying out my treatment, payment and health care operations. I understand that only the minimum amount of information necessary to provide quality care will be used or disclosed and that a notice fully outlining the protection of my personal health information is available.
5.	I agree to be responsible for payment of all services rendered on my behalf or my dependents. I understand that payment is due at the time of service unless other arrangements have been made. In the event payments are not received by agreed upon dates, I understand that a 1-1/2% late charge (18% APR) may be added to my account. If required, I also understand a check of my credit history may be made.

#### YANASE DENTAL GROUP

#### FINANCIAL AGREEMENTS AND PAYMENT GUIDELINES

Thank you for choosing our practice for your dental care. In order to ensure that your visits with us are positive, our administrative staff is happy to assist you in understanding your treatment, and addressing your questions regarding fees and financial arrangements. If you would like to discuss a payment arrangement, please let us know before treatment commences. We don't want the expense of care to keep you from needed dental treatment.

Our office policy is to request payment in full at the time services are rendered. For your convenience, we do accept MasterCard, VISA, American Express, and Discover cards. For those patients with dental plan benefits available, we will make sure those payments are reimbursed to you immediately upon receipt.

**Group or Individual Dental Plans:** We are always happy to assist our patients in utilizing their dental benefits as efficiently as possible. Please familiarize yourself with your plan. All plan information is provided to the subscriber by the plan carrier upon enrollment in the plan. The term "dental insurance" is misleading; the accurate term is "dental plan". Benefits provided by a dental plan are not intended to pay for all treatment; rather, a dental plan provides the patient an option that assists with treatment costs. The patient has the ultimate financial responsibility for all treatment rendered, regardless of dental plan benefits.

Optimum dental health for each patient is our prime concern. We are here to assist our patients in obtaining the highest quality of care possible. We recommend treatment that will promote better dental health for each patient, not what a dental plan will cover.

Each plan carrier assigns a plan-specific maximum allowable benefit amount and deductible for a contract year. Every plan has a maximum allowable benefit amount for each procedure, as well as a percentage of coverage for each type of procedure. Every carrier has plan-specific criteria for coverage, fee schedules, and percentages of coverage for procedures. We will be happy to submit a predetermination of benefits claim to your carrier, prior to commencement of treatment; this will enable us to better estimate what your patient portion will be, before you start your treatment. Please request this claim be submitted at least three weeks prior to your treatment start date. Your remaining benefits

and deductible for the contract year at the time services are rendered, and any plan provisions or restrictions, will dictate your benefit amount.

We are Delta Dental Premier network providers, but we work with most carriers to ensure that our patients receive the dental benefits for which they are entitled. We will submit claims and all necessary documentation to your carrier. We do request that your estimated patient portion for treatment be paid at the time treatment is rendered. Generally, we receive benefits for services within 30 days. However, if we do not receive benefits for your treatment after 60 days, we request that the balance for the treatment be paid in full; we will continue to assist you in obtaining your reimbursement for dental services.

**Outside Financing:** We are part of a network of providers with CareCredit, a company that offers credit to qualified individuals for dental, medical, vision, and even veterinary care. You may apply for a line of credit by accessing their website: <a href="https://www.carecredit.com">www.carecredit.com</a>. If you qualify for this line of credit, you may take advantage of a one year, interest-deferred payment option for dental services. Please ask for assistance if you are interested in this option.

Please notify us if: 1.) you have already established a line of credit through a source (other than CareCredit) that is available for use in this office, or 2.) you have an FSA (flexible spending account) or reimbursement plan through your employer. We will assist you in utilizing these options efficiently.

Account balances over 90 days will be assessed a 1.5% monthly finance charge (18% APR). All account balances must be paid in full, regardless of outstanding dental plan claims, within 90 days.

Our success is dependent upon a healthy partnership between the patient and our team — accessibility and clear communication are keys to that partnership. Please feel free to ask questions — we will be happy to assist you!

## YANASE DENTAL GROUP FINANCIAL AGREEMENTS AND PAYMENT GUIDELINES

#### PATIENT:

The treatment and fees presented to you reflect conditions as they exist at this time. Delaying treatment may lead to the progression of decay, infection or other conditions which could necessitate additional treatment. Therefore, the treatment plan procedures and fees will be honored for a period of three months from the date of the initial presentation, after which re-examination, diagnosis, and plan procedure revision may be required.
